## ANOTHER BIG STRIKE IN BODIE.

**A Rich Find of Horn and Native Silver—Great Excitement in that Region.**

The Bodie Standard of Wednesday evening contains a description of the recent strike in the Bodie mine, written by Joseph Wasson. In eight months of last year this mine yielded \$1,250,000 from the old bonanza, 110 feet in length and 240 feet in height above the 300 level. The present development is on the 433 level, and has already been uncovered 200 feet in length by 300 feet vertically. The ledge is of an average thickness of two feet, the filling being a peculiar mixture of metallic gold, horn and native silver, and silver in sulphurates—a feature new to the district. One foot of the ledge resembles decomposed granite, and is quite heavy in loose gold. Two seams are traceable throughout the ledge wherever cut, averaging ten inches in width, of a shaly character, filled with coarse grains and nuggets of gold—the latter of from fifty cents to three dollars each in value. Horn silver is a prominent feature of the vein, and the whole is so remarkably rich that to state its value appears like exaggeration, but it amounts to thousands of dollars per ton. Competent mining men have estimated that a single car-load of ore of 1,400 pounds would pay a dollar dividend on the capital stock of the company, or \$50,000 and that \$1,000,000 could be taken out in a month. The management will, however, refrain from gouging the mine, and will mix the rich with ores of a lower grade in order to prolong the production while prospecting in the lower levels, confining the dividends to \$100,000. At the present writing the richest point in the mine is the bottom of the winze, 473 feet from the surface, and the deepest point in the mine. The Bodie mill has commenced crushing ore. There are about 100 tons of ore at the mill, the ore-house at the mine is full and alongside the hoisting works there is a big pile of it fenced in. The strike, which is conceded to be one of the richest in the history of quartz mining, has created a great excitement in this section, and heavier machinery is being placed in many of the mines.

The Tribune says editorially: Captain Eads has an idea about the Isthmus Canal which is worth considering. He says it is idle to spend \$150,000,000 in digging a canal through the Isthmus when, by the expenditure of one-third as much, along the present line of the Panama Railroad, it is perfectly easy to take ships and their cargoes bodily over the Isthmus. His plan would be simply to dig a ship canal, with locks, alongside the railroad. He believes it to be practicable, and as compared with the plan lately recommended at the Isthmus Canal Conference, on the other side, very economical. Eads has been successful where other engineers have failed and has accomplished so much at a small outlay that his opinion on this subject is entitled to unusual weight.

It is said that Governor Cullom of Illinois is in Washington as one of the loyal Governors to stiffen the Presidential spinal architecture by offering the Executive money to run the Government until a new Congress meets two years hence.

During the month of May the Central Pacific Railroad carried 2,613 through passengers bound East and 4,080 bound West, making a total of 6,693 and a net gain to the coast of 1,467. This is the heaviest travel of any month this year so far.

If Ewing should not be elected Governor of Ohio, how the Democrats would choke up. But if he is elected he will be troublesome in 1880.

The Czar did not attend the golden wedding fete at Berlin for fear of being shot.

## OUR WASHINGTON LETTER.

A Batch of News from the Capitol.

WASHINGTON, D. C. June 5, 1879.

In carrying out their new programme the Democrats of Congress cannot be accused of wasting time. The new bills are ready for presentation. The army bill seeks to put an unconstitutional restriction upon the President as Commander-in-chief of the Army as it directs that no money shall be paid for the services, transportation or subsistence of U. S. troops employed at the polls. It is safe to say that that bill will be vetoed. The Legislative, Executive and Judicial bill will simply extend the appropriation bill of 1878. That bill did not appropriate money for judicial expenses, but those expenses, including that for deputy marshals and supervisors of elections were provided for in another bill. Such of the judicial expenses as do not cover those officials, will this time, also, be covered by a separate measure. The Deputy Marshals and Supervisors will not be provided for. The course of the President as to the two bills last mentioned is very doubtful. There is no doubt, however, that every Republican Congressman will do all that he can to see that all the necessary officials of the Government are paid for their services, and especially those whose duty it is to see that fair and free elections are held throughout the country. There was a slight increase in the public debt last month. The following interesting information is given by the Secretary. Since March 1, 1877, there have been redeemed of 5 and 6 per cent. bonds \$846,022,600, with an annual interest charge of \$48,813,057, and issued in their stead the same amount in 4½ and 4 per cent. bonds (all but \$135,000,000 being in 4 per cent. bonds) with an annual interest charge of \$34,515,880, making an annual saving hereafter in the interest charge on account of refunding operations since March 1, 1877, of \$14,297,177. The Democratic Convention in Ohio seems to have pretty effectually spoiled any possible hope that party may have had of carrying the State. Generals Ewing and Rice are personally very popular here, but their friends don't express a hope of their election. There is much newspaper comment on the fact that there were no funeral services at the burial of Hon. E. C. Ingersoll in this city on Monday. Except a few remarks by Col. Robt. Ingersoll, brother of deceased, nothing was said. This, it is proper to say, was as requested by Mr. Ingersoll. The Warner Coinage bill remains in the Senate Finance Committee, and the Chairman, Mr. Bayard, said it would probably not be reported at this session. It cannot pass the Senate even if reported by the Committee. There is almost a certainty that no financial measures of any importance can be passed at present.

LOGAN.

Says the Nevada City (Cal.) Transcript: By a granger from Sierra Valley we learn that the hoppers last year ate everything off his farm except the mortgage, and this year large tracts of land remain uncultivated, the owners preferring to starve out rather than feed their persecutors. It is feared by some that this may force the grasshoppers to migrate to the valley of the Sacramento, which would probably cause far more howling than all the debris washed down by the miners.

A horned toad sent through the mail from Arizona or Colorado forms the subject of a curious correspondence between Postmaster James and the Department as to what shall be done with live creatures thus forwarded, the practice having been hitherto to destroy them when found. The Department now approves of the forwarding of live animals to the dead letter office. The official letter concludes: "It is with no little gratification that the Department recognizes through your letter that Mr. Berg's good influence prevails in the Postoffice at New York."

The Bodie mill started Tuesday on ore from the late rich discovery. A large reserve has already been accumulated at the mill, but is estimated that the mine, by yielding only ten to fifteen tons of the ore per day, can maintain the payment of \$1 monthly dividends on the new stock of 100,000 shares for an indefinite period.

The President has signed the bill which makes subsidiary silver legal tender for \$10, and convertible into standard dollars at the Sub-Treasuries in sums of \$20. Now then the poor man's dollar is worth as much as the rich man's.

The Independence and Argenta mines, of Tuscarora district, produced bullion in May to the amount of \$35,818 23 for the first, and \$47,747, 92 for the last named.

The California Workingmen are not having good luck with their Judiciary Department.

## THE PARADISE MINES.

[Silver State, June 9.]

The Paradise mines were discovered about a year ago, and they have produced all the money that has been expended in developing them and much more besides. The Paradise Company's mines, which embrace what were originally known as the Mountain Bride and Rough & Ready locations, have produced from ores shipped to Salt Lake and Rye Patch at least \$300,000, and miners say that not one-half that amount has been expended in developing them, and extracting ores, of which there are now nearly 2,000 tons on the dumps. The same is true of the Big Prize, Bullion and other locations. The camp is not indebted to San Francisco or other capitalists for the developments made, in fact the value of the lead produced by the ores worked for exceeds the total amount expended so far in the camp. There is not in the State, outside the Comstock, a mining camp that paid all expenses from the beginning and made such a showing without capital, except what the mines are yet in the hands of the original owners, and a more inviting field for investment cannot be found on the coast.

**RESPECT OLD AGE.**—It happened at Athens, during a public representation of play in honor of the commonwealth, that an old man came to late for a place suitable to his age and quality. Some of the young men, who observed the difficulty and confusion he was in, made signs to him that they would accommodate him, if he came where they sat. The old man bustled through the crowd accordingly for the seat professed him. But when he came to the seats to which he was invited, the jest was to close and expose him as he stood out of countenance before the whole audience. The frolic went round all the Athenian benches. But on these occasions there were also particular places assigned to foreigners. So when the old man skulked toward the boxes appointed for the Lacedemonians, that honest people, more virtuous than polite, rose all to a man, and with the greatest respect received him amongst them. The Athenians, being suddenly touched with a sense of Spartan virtue and their own degeneracy, gave a loud applause of admiration. And the old man, as soon as the noise subsided, cried out: "The Athenians understand what is good, but the Lacedemonians practice it."

**LEADVILLE AS IT IS.**—An old resident of Salt Lake who sought his fortune in Leadville, writes the following not highly flattering account of that camp: "Merchants are skirmishing for business, and many declare that they are not paying expenses; restaurants are going behind. One of the principal restaurant proprietors told me his receipts had fallen from \$400 to \$75 per day; his rent is \$300 per month and he must inevitably close his business. The hotels now have ample room for all their guests; the saloons are not overrun with custom; the theatres are not patronized as they were; lumber has dropped from \$55 to \$17 per 1,000, and freight from the end of the track has fallen to two cents per pound. The coming crowds have lessened, while the departures have increased. Fifty-five dollars for lumber induced the erection of forty saw mills; high prices for goods brought in hundreds of merchants while five cents per pound for freight mentioned in Kansas and Missouri was of itself sufficient to send every available quadruped in those States to the front to haul for Leadville. So everything has been overdone. Real estate now has no fixed price, and lucky is the poor fellow who can get 30 per cent. of what he considered his property was well worth two months ago."

**SAVE YOUR HEALTH.**—A man diseased in body can have little joy of his wealth, be it ever so much. A golden crown cannot cure the headache, nor a velvet slipper give ease to the gout, nor a purple robe fray away a burning fever. A sick man is alike sick, wheresoever you lay him, on bed of gold or on a pad of straw; with a silk quilt or a sorry rag on him. So no more can riches, gold and silver, land and living, had a man much more than ever any man had, minister unto him much joy; sea, or any true or sound joy at all, where the mind is distracted and discontent. Without contentment there is no profit, no pleasure in anything.

General Grant's Arabian horses have arrived by sea at New Haven. They were taken to a blacksmith's to be shod, and many persons went to see them, offering to purchase the old shoes, or even a single nail, as mementoes, at almost any price. While the horses were being led to the New York boat, one of them kicked a spoke from the wheel of a passing carriage. A wit was served, and the sum of \$12 was paid to settle the case. The sum was considered by some people a high price for a single spoke.

Man at C. P. Ticket Office—Please give me an upper berth.

Ticket Agent—My dear sir, here it is—no charge; and please accept this pass, good for life, all over the road and its branches. It has been waiting here for five years for the man who first asked for an upper berth.

Mau—It is for my wife. She is going across the continent alone, and I am afraid—

The slide falls at window.

General Logan is mentioned as the probable successor of McCrary at the War Office.

Mrs. Sebastian Weber, of Paterson, N. J., understands the science of money making. She owns a beer hall, and a few days ago when her husband died, she laid him out in a room at the rear of the saloon, and getting behind the counter sold beer to the people, as they flocked in to see the corpse. The relatives and police finally prevailed upon her, after using a fair degree of persuasion, and more physical force, to close the doors long enough for the coroner to hold an inquest.

The miscegenation case recently reported at Pittsburg, has had a sad and singular sequel. Shortly after her marriage to the negro Jones, Miss Moore was removed to her home, and after a careful study by her physicians, she was pronounced insane and sent to an asylum. Her husband being threatened with lynching by the young lady's friends has disappeared.

## THE CRADLE.

WILLIAMS—In Reno, June 11th, 1879, to the wife of J. B. Williams, a daughter.

## NEW TO-DAY.

## SHERIFF'S SALE.

**BY VIRTUE OF AN ORDER OF SALE IS** issued out of the District Court of the Second Judicial District of the State of Nevada, held in and for the County of Washoe, duly noticed the 12th day of June, A. D. 1879, on the 15th day of April, A. D. 1879, in favor of the PACIFIC MUTUAL LIFE INSURANCE COMPANY, a Corporation, and against ERWIN F. REED, for the sum of one thousand four hundred and thirty dollars (\$1,430) in U. S. gold coin, together with costs, now amounting to the sum of two hundred, sixty-nine and forty-hundredths dollars (\$299.40) in U. S. gold coin, and interest, as in said judgment and decree specified. I hereby give notice that I will sell of public auction to the highest and best bidder, for cash in hand, in front of the Court House door, at Reno, Washoe county, Nevada,

Saturday the fifth (5th) day of July,

A. D. 1879.

Between the hours of nine o'clock A. M. and 5 o'clock P. M., to wit, at one o'clock P. M., the following described real estate, or so much thereof as may be necessary to satisfy said judgment and decree, according to the terms of this sale, to wit:

Lots of land known and described in the surveys and plats made for Charles Crocker in the year 1868, of the town of Reno, and on file in the Recorder's office of Washoe County, Nevada, as lots number seven (7), eight (8), nine (9), and ten (10) in the tract of land known as "the Ranch" in the town of Reno, in the County of Washoe, and State of Nevada, fronting on the west side of Sierra street, in said town, and running back west one hundred and forty (140) feet to the south-east bank of what is generally known as, and called the English Ditch—also that certain other parcels of land commencing at point on the northwest bank of said ditch opposite the north line of lot eight (8) aforesaid, and running thence west on the south line of lot (8th) street, one hundred and ten (110) feet, thence north to Fourth (4th) street, four hundred and ten (410) feet, thence to the northwest bank of said English Ditch, thence along said ditch bank last aforesaid, to the place of beginning, containing two and one-half (2½) acres of land, which said last mentioned and described premises and lands are also in said town of Reno, county of Washoe, and State of Nevada.

W. A. WALKER,  
Sheriff, Washoe County.  
Dated, Sheriff's Office, Reno, Nevada, June 12th, 1879.

## SOLE TRADER.

**I**N THE DISTRICT COURT OF THE SECOND Judicial District, State of Nevada, held in and for the county of Washoe, in the matter of the application of ERNESTINE STENGE to become a Sole Trader.

Notice is hereby given that I, Ernestine Stenge, a resident of Reno, county of Washoe, and State of Nevada, being desirous of availing myself of the privilege given by the Act of Legislature of the State of Nevada, entitled "An Act to authorize married women to transact business in their own name as Sole Traders," approved February 8th, 1867, intend to make application to the above entitled Court, at the Court room thereof, in the town of Reno, aforesaid, on the 12th day of July, A. D. 1879, at 10 o'clock A. M. of said day, or as soon thereafter as the same can be heard, or on such other day to which the hearing may be postponed by the Court, for an order and decree authorizing me to carry on and transact business in my own name and on my own account as sole trader. The nature of the business I propose to carry on and conduct is that of Merchant Tailor, manufacturing men and boys' clothing and furnishing the material for the same. ERNESTINE STENGE.

### Sub Committees.

The Committee of Arrangements for the 4th have selected the following sub committees:

Car of State—Orvis Ring, Rev. W. J. Jenvey, Rev. C. McElveen.

Vocal Exercises—J. S. Bowker, R. Ash, Mrs. R. P. Chapin, Mrs. R. P. M. Greeley.

Parade Committee—J. L. McFarlin, M. J. Smith, T. K. Hymers.

The Committee will meet this afternoon at 1 o'clock.

### Dog Tags.

All who have purchased dog tags are notified that it is necessary that the tag should be on the collar, otherwise it will be liable to be caught and impounded just as if it were an outsider. The dog pound was erected yesterday, next to the dead house. Hereafter all stray animals will find themselves suddenly bereft of liberty.

Many of our citizens are compelled to work very hard in the field for their daily bread, and after harvest think nothing of paying \$20 more for a Silver Watch than they can get it at Uncle Harris. For instance, in those fancy jewelry stores, a good Silver Waltham Watch costs \$38; at Uncle Harris' you buy the same for 18. Nos. 221 and 702 Kearny Street, San Francisco.

There will be a meeting of Reno Chapter, No. 7, R. A. M., for work in the R. A., at 3 P. M. Friday, June 13th. Sojourning companions cordially invited to attend.

John Cahlan has returned from his trip to the northern country.

Job work done at this office at prices which defy competition.

The Trustees of the Agricultural Society will meet to-morrow.

### The Mysterious Case.

The attempt of the Gazette to make a martyr out of itself is too ludicrous. The intimation that the JOURNAL in any way reflected on Mrs. Hobart is false. This paper would not for the world wound that lady's feelings. But its first item was published because it was believed to be true, just the same as an accident of any kind would be reported.

When the JOURNAL found that a portion of it was untrue, as later developments proved, it corrected it, and would be happy to know that the whole thing was false. We have known Hobart for years and always respected him. There is no favor we would not have done him. Yet his conduct of the last week has been so unaccountable as to alienate anybody's friendship from him.

### 4th of July Celebration.

At the meeting last night Mr. L. J. Flint was elected Chairman. Mr. Evans, from the Committee, reported \$839 subscribed, and stated that the amount, he thought, would be raised to \$900.

The Committee on Subscriptions' report was received, and the Committee discharged. On motion the Chair was authorized to appoint a Committee of seven to act as an Executive Committee and as a Committee of Arrangements for the celebration. The Chair appointed as such committee, Charles Knust, A. A. Evans, D. McFarland, C. A. Bragg, N. C. Hamersmith, C. C. Powning and John Frazer.

The meeting then adjourned.

### Picnic.

To-morrow the annual picnic of the Virginia, Gold Hill and Carson public schools will come off at the Bowers Mansion. The youngsters are making great calculations upon this excursion, and promise themselves a jolly time at the mansion among the trees and flowers and in romping over the verdant lawns. Two carloads of Carson children will be on the grounds.

### Chimneys.

The time allowed for replacing stovepipes with chimneys has about expired, and if you do not wish to have the Constable put one up for you, at your expense, you had better pay immediate attention to the important matter. If the Constable does it you will likely be required to pay for his bossing the job.

### Billiard Rooms.

Scott & Kleser's "Palace" billiard parlors were thrown open to the public last night. A great deal of taste has been displayed in the fitting up of the rooms; the billiard tables are of the best make and latest pattern.

### Grand Lodge Officers.

The Masonic Grand Lodge yesterday elected the following officers: D. C. McKinney, of Austin; M. W. G. M.; D. E. Bailey, of Eureka; D. M. G. M.; Henry Rolfe, of Virginia; G. S. W.; Dr. Meiggs, of Elko; G. J. W.; J. C. Curry, of Virginia; G. T.; J. D. Hammond, of Carson; G. S.; A. C. Bragg, G. J. D.

### Bodie Ore.

At the Savings Bank can be seen a small box of ore from the Bodie mine; some of the recent strike. There are several small nuggets of almost pure gold, while the whole lot shows lots of free gold plainly.

The Royal Arch Masons have a big time to-day. The Grand officers are to be here, and will add to the interest of the occasion. Chamberlain's new dining room will be opened by them with a "feast of reason and a flow of soul."

Union has dropped from 99 to 77 within the past week, a shrinkage of two millions of dollars.

Miss Frankie Gibbs has returned from an extended visit to Long Valley.

An assessment of \$1 per share was yesterday levied on Alta.

Times are dull around town, and our business men are complaining.

The locusts have made their appearance in Johnson county, Missouri, by thousands; in fact the woods are full of them. These insects are known as the seventeen-year locust, and made their appearance in Missouri in 1862, doing considerable damage to fruit trees and young timber.

The silver men contemplate making another effort to get Warner's bill out of the hands of the Finance Committee, even if it be thereafter left on the calendar until next session.

Mark L. McDonald, of San Francisco, will shortly open a broker's office in Eureka.

Muslins, sheetings, house lining and wall paper at New York prices at Jacob Prescott's.

### EIGHTHED BILLIARD.

The Norristown Herald is responsible for the following report of a game of billiards between ex-President Grant and an East Indian potente. The official report of a game of billiards between General Grant and the Maharajah in Jeypore, India, is now given to the public for the first time. It differs materially from the garbled and one-sided account furnished the New York Herald by John Russel Young. The General made some truly wonderful shots. His string in the first inning was as long as one of Secretary Evart's sentences, and the markers were nearly exhausted from overwork before the game was half ended. Grant led off by making a beautiful cushion carom, his ball turning a handspring over the banister; it then waltzed around the room, caromed on the nose of the Maharajah's dog lying under the stove, collided with and fractured a Sevres cuspidore, then crawled up the leg of the table, got the balls on the rail, "froze" them seventeen times, then coaxed them into a corner and leisurely counted 4,351 points, while the General smoked a twenty-five cent cigar; after which it hopped into a luxurious divan, picked its teeth with a jeweled dagger and fell into a gentle dose, humming a Pianoforte air. When the Maharajah looked at the ex-President with an interrogation point in his eye, the hero of Appomattox explained that it was a "scratch," and he probably would not have such another streak of luck if he were to play billiards until he was 238 years old. And we don't suppose he would.

Maricopa (Arizona) gleanings: Barley can be bought, in large quantities, at \$1 75 per hundred.—Mr.

H. Hook has recently discovered a valuable salt spring, or well, on Tonto creek. It runs about 900 gallons of water per day, which is over one-third salt.—The Mormons here soon expect to have a Vice President appointed for this Territory.—The crops of the Maricopa Indians, at the mouth of Salt river, have this year failed.—The fact that sugar cane grows and thrives in this valley equally as well as it does in the Southern States has been demonstrated.

INSURANCE.—We desire to say to our insurance patrons and owners of property generally that we have secured the services of Mr. T. B. Camp, a professional insurance man who has had several years practical experience in the business and is thoroughly posted in all its details. He will give his entire time and attention to the business of insurance, thus securing care and skill in the writing of policies, so as to properly cover the risks, which is of great importance, as many sufferers by the late fire may recall, as it might have saved them hundreds of dollars in the adjustment of a loss. We shall issue policies and adjust losses at our office.

TALK IS CHEAP.—And so are fine clothing, boots, shoes, and gentlemen's and boys' fine furnishing goods, if you go to the right place to get them. This is a mighty important point, for some people who assert that they sell cheap do nothing of the kind. I do not boast when I say that I defy competition in prices in anything in my line. Besides this I have only one price. I have no preferred customers. Everybody is treated alike at my establishment. My stock is the largest and most complete ever offered in any part of this State. Everything I have is new. No old, nasty and out-of-date goods can be found on my shelves. I receive daily by rail and express the latest and best goods, which are obtained at first hand and sold at prices below those now prevailing in New York and Chicago. Let the people come and judge of my prices and examine my stock before going into those humbugging, Cheap John shops, in which they drum into the ear of the customer that they sell at cost and even below cost. Anybody with common sense must know that they lie. No storekeeper sells goods for the fun of the thing. I make a profit on everything I sell, as every honest merchant does, and don't print foolish falsehoods in the vain hope of deceiving the public. One must make a profit to live. I particularly call attention to my full stock of fancy underwear, such as is kept nowhere else in Reno. This class of goods forms one of my specialties. Remember the place.
